▶ AARP/SCSEP Foundation

- ▶ The Senior Community Service Employment Program (SCSEP) is a community service and work-based job training program for older Americans.
- ▶ Participants work an average of 20 hours a week and are paid the highest of federal, state or local minimum wage.
- ▶ This training serves as a bridge to unsubsidized employment opportunities for participants.
- ▶ Participants must be at least 55, unemployed, and have a family income of no more than 125% of the federal poverty level.
- ▶ For more information on SCSEP programs in your area, use CareerOneStop's [Older Worker Program Finder](#) or call the toll-free help line at 1-877-US2-JOBS (1-877-872-5627).

▶ Campus Chapters

- ▶ A campus chapter is a group of students who are passionate about helping people build better lives.
- ▶ Each campus chapter is a student-led, student-initiated organization on a high school or college campus.
- ▶ **Campus chapters are guided by four functions:**
 - ▶ **Direct service**
Campus chapters partner with their local Habitat volunteering on new home construction, rehabilitation, rehab, neighborhood revitalization, Habitat ReStore and office tasks.
 - ▶ **Fundraising**
Campus chapters raise funds to support the work of their local Habitat for Humanity and Habitat for Humanity International. Chapters may contribute through various fundraisers in partnership with their local Habitat or toward the tithe program.
 - ▶ **Advocating**
Campus chapter leaders and members must advocate for affordable housing because building is only one critical piece to answering the need for affordable housing. Being a Habitat advocate means raising your voice to shape policies to serve people in need of decent housing.
 - ▶ **Educating**
Campus chapters educate others on their campus and in their local community about the importance and need for strong, stable housing and what Habitat does to increase access to housing solutions.
